

The Consonants of English

Name _____

Insert the following letters from the International Phonetic Alphabet in their proper places in the chart below. After reading the chapter on the sounds of English, which (unfortunately) will be of limited help, see how much you can do on your own. Then google an IPA chart tailored to English ([like this one](#)) to help with the rest.

z, k, d, ʒ, h, p, w, b, j, m, t, dʒ, n, tʃ, l, ŋ, θ, f, s, v, r or ɹ
