91% of students are employed full-time while earning this degree

Average Years of Professional Experience in the Field: 9 years

5 years Average time to graduation

65% Graduation Rate

92% of recent graduates would recommend the program

Alumni Comment Corner

Thank you for a wonderfully sophisticated program and for a wonderful overall Extension School learning experience. Life after being a graduate of HES is richer, broader, and brighter. I was able to do an internship, visit campus, and enjoy the wonderful campus facilities and monuments. Most important of all, I was able to meet and learn from some of the world’s greatest faculty, staff, and fellow students and establish a connection to them, to HES, and to Harvard University that will extend for a lifetime.

The professors are the best. They teach in a way you can’t forget. They challenge you in a way that you actually want to achieve for yourself and also for them. I really felt like I was part of a big family where everyone is welcome.
