

**Nano Technology &
Business Forum™**
Dedicated to the business of Nanotechnology

THURSDAY, JANUARY 13, 2004

4:00 P.M. TO 6:00 P.M.

Greenberg Traurig
One International Place
20th Floor
Boston, MA 02110

Please join the members of the Greater Boston nanotechnology community for the January meeting of the **Nano.:Technology & Business Forum.**

Topic:

Molecular Imaging

Imaging techniques have had a major impact in medicine and nanoscale technology has already afforded the possibility of intracellular imaging. The current drive in developing techniques that can enhance spatial resolution at the molecular level to detect early biological markers can lead to early diagnosis, more accurate characterization of disease, and perhaps opportunities in drug discovery.

Speakers:

Nazneen Aziz – CPC, Inc.

Jeff Fagnan – Atlas Ventures

A networking reception will follow the presentation.

For more information about the **Nano.:Technology & Business Forum**, please contact Chinh H. Pham at phamc@gtlaw.com or 617-310-6239. You may RSVP for the program via email to Debbie Gifford at giffordd@gtlaw.com.
